# The Essential Painting Tool for Professionals

With the GX™ line of Airless Sprayers, Graco allows professionals to reap the **benefits of AIRLESS Painting:**

- **SPEED AND EFFICIENCY:** finish your jobs faster
- **UNIFORM APPLICATION:** apply an even layer of paint on every surface
- **BETTER FINISH:** does not leave streaks like with a roller or a brush
- **EASY HANDLING:** take your sprayer with you wherever you go

Maybe you have not yet had the opportunity to experience the benefits of spraying Airless first hand? Then here is your chance!

*“ A true Airless for professionals has never been this affordable.”*

If ever you had any reservations about switching from your brush and roller to Airless equipment, we have now made the decision easier! Because of its innovative design, Graco's GX™ line lets you take your first step into Airless spray equipment, with a limited investment.

Are you an Airless painter? You already know you can finish more jobs quicker, with a better finish...What we CAN tell you is that with Graco's GX™ line you will now be able to transfer these benefits to even more jobs!

Why just stick to Airless painting for exterior jobs, or bigger commercial projects? Why not use Airless for interior renovation jobs as well? Start now with the GX™ Airless paint sprayers that are:

- still the professional equipment you're used to working with, but in a more compact and easier to carry version
- designed to offer their benefits at an all time low investment
- ideal to spray your second colour and increase your productivity on small job sites
